

Breathing Space Thailand Launches Redesigned Website

By Position Front Page International Co., Ltd

Dated: Aug 05, 2010

Breathing Space Thailand (addiction rehabilitation center) hires leading internet marketing giant Position Front Page International (web design and internet marketing) to give them a stronger online presence.

Breathing Space Thailand is Thailand's first licensed and legal private drug and alcohol addiction treatment clinic. They opened their doors in 2008 when they met all legislation in Thailand for running a business and all documentation is on display at their registered clinic.

Position Front Page International Co., Ltd is Thailand's leading internet marketing firm whose services include SEO, web design, web development, and internet marketing.

The two companies entered negotiations July 24th 2010 and Position Front Page was given the mandate to redesign their website located at <http://www.breathingspacethailand.com> and to give them a stronger online presence.

Position Front Page delivered their new look and feel on August 4th 2010, only 10 days after they were hired. The new Breathing Space Thailand website is filled with valuable information about addictions and rehabilitation. The website also features an impressive photo gallery which displays pictures of the drug and alcohol rehabilitation center. See <http://www.breathingspacethailand.com/photo-gallery.php>

Breathing Space Thailand recently invested \$1,000,000 for renovations to their facilities and enhance visitor accommodations making them one of the most modern and luxurious rehab center in Thailand. "After that kind of investment we decided it was time to do something about our online presence" says Stephen Russell - Drug and Alcohol Clinician at Breathing Space Thailand, "so we hired the best firm in Thailand to do the job and they did not dissappoint us".

"The new look is great and the features even better. We are a private clinic in a private business dealing with clients that expect privacy. Our facilities offer that and now our website offers that too." Stephen continues, "Our Addiction Self Assessment page located at <http://www.breathingspacethailand.com/addiction-self-assessment.php> enables users to submit a form directly to us so that we can help them understand their problem and possibly pre-prepare their rehab program".

Position Front Page is thrilled to have Breathing Space Thailand as their client. "They are a talented and dedicated bunch of professionals who are doing good things with their drug and alcohol rehabilitation center up in Chiang Mai, Thailand and we are honored to represent them" says Managing Director Dr. Archie Glikakis.
